New Brighton Community Association – October 19, 2017**

Playground Grant –

We continue to work and advocate with the remaining 3 Schools to be added to the eligibility list for the \$250, 000 playground grant. The 3 remaining schools are Prince of Peace, New Brighton Elementary and Copperfield Elementary.

Frost Heaves –

Work is currently being completed at the Deerfoot and Stony Trail East exit to help minimize the development of frost heaves.

212th Interchange-

As of September 26th equipment was being moved into the area to begin construction which is still anticipated to start this fall.

Nominate a child or youth for the Great Kids Award – recognizing them for overcoming challenges and building stronger communities.

Albertans are encouraged to nominate remarkable young leaders aged five to 18 for making a difference while overcoming challenging circumstances, including managing a physical or mental illness, standing up against bullying or overcoming a difficult living situation.

“I’ve been so inspired by the stories of Great Kids who are changing the lives of others and leading in their communities. I encourage Albertans to celebrate these children and youth because they are examples to all Albertans of what can be accomplished in the face of adversity.”

Danielle Larivee, Minister of Children’s Services

Last year’s winners’ outstanding achievements included raising thousands of dollars for a charity supporting research about an illness suffered by a child’s family members, mentoring children with vision loss while being visually impaired and helping classmates better understand cancer while experiencing the disease at a young age.

For more information on nominating a young leader, visit greatkids.alberta.ca, call 780-422-2165 (toll-free by first dialing 310-0000) or [email](#). Nominations close at 4 p.m. Nov. 24.
